	GRAB & GO – BUS "Be A Game Changer"							

This all-male conference is a vehicle that helps in accomplishing the collective objective for promoting student's wellness, success, and improving access and positive outcomes for students and parents. The overall goal is to prepare young males for a "Game Changer" experience by helping build the confidence, competencies, and values they need to get to the next level and become a Success Story. We want to encourage our young males to reach their full potential, resulting in boosting High School and College Graduation.
